LinkedIn Profile: <https://www.linkedin.com/in/ani-sajin/>

### PROFESSIONAL SUMMARY

A dedicated and detail-oriented **HTML Developer** with **2.5 years of experience** in crafting responsive and interactive websites. Proficient in HTML5, CSS3, Bootstrap 5, JavaScript, and jQuery, with additional expertise in Figma and Photoshop. Skilled in creating email templates, developing user-friendly interfaces, and delivering high-quality, responsive web solutions. Adept at collaborating with cross-functional teams to ensure project success and deliver exceptional user experiences. Seeking to leverage my front-end development skills in a **UI/UX Developer** role.

### AREAS OF EXPERTISE

- **Web Development:** HTML5, CSS3, JavaScript, jQuery, Bootstrap 5
- **UI/UX Tools:** Figma, Photoshop
- **Responsive Design:** Cross-browser and cross-device compatibility
- **Email Development:** Creating engaging, responsive email templates
- **Front-end Optimization:** Ensuring website performance and usability
- **Problem-Solving:** Debugging and troubleshooting code issues

### TECHNICAL SKILLS

- **Programming:** HTML5, CSS3, JavaScript, jQuery, GSAP
- **Frameworks:** Bootstrap 5
- **Tools:** Figma, Adobe Photoshop
- **Version Control:** Git
- **Responsive Design:** Media queries, Mobile-first development
- **Other Skills:** Cross-browser testing

### WORK EXPERIENCE

**HTML Developer – Full-time**  
**Timesworld – India, Canada, and UAE**  
**March 2023 to Present**

#### Responsibilities:

- Developed responsive and interactive websites using **HTML5**, **CSS3**, **Bootstrap 5**, and **JavaScript**.
- Designed and optimized email templates for various campaigns, ensuring compatibility across email clients.
- Implemented **mobile-first design principles**, ensuring websites and email templates are fully responsive.
- Collaborated with design teams to convert **Figma** and **Photoshop** designs into functional web interfaces.
- Enhanced website performance by optimizing assets and debugging layout issues.

- Maintained and updated existing websites, ensuring **cross-browser compatibility** and accessibility standards.

### Key Achievements:

- Successfully created over **30+ responsive email templates**, leading to improved client engagement rates.
- Reduced website loading time by **20%** through code optimization and asset compression.
- Delivered complex interactive website features using **JavaScript** and **jQuery**, improving user experience.

## ACADEMIC QUALIFICATIONS

- BA English Literature from Manonmaniam Sundaranar University – 2020
- Master of Business Administration from Manonmaniam Sundaranar University– 2022

## ADDITIONAL PROJECTS

- **Portfolio Website:** Designed and developed a personal portfolio website to showcase projects. <https://anisajin.github.io/Ani-sajin/>
- **Interactive UI Component Library:** Built reusable components using HTML, CSS, and JavaScript.
